

CAMPING AND ACCOMMODATION

As this is a bush safari, camping facilities will vary from caravan parks to camping at sports grounds. There are showers and toilets available at all our campsites only sometimes there is a limited number of facilities.

For those of you who may wish for a night of extra comfort along the way in a Hotel or Motel, we suggest you book your accommodation as soon as possible.

We do suggest you travel with as little as possible; this saves time with setting and breaking camp. A swag is a great alternative.

MEALS

Limited food supplies can be purchased at each overnight stop.

At most locations, a local charity will be catering evening meals for us (we try to support local charities along the way). A ticket system is used (so that we can supply accurate numbers) for these meals and all are prepaid so that you don't have to keep digging into your pocket along the way. On the last page you will find an order form for meals. Please circle the number of meals you will require.

Alternatively you may wish to self cater or just have some of the meals catered for.

You will need to supply your own breakfast and lunch. "Doug's Dinner" or more recently know, as "ROAD KILL CAFE" will be selling sausage sizzles on some days for lunch.

ANIMALS on SAFARI

Note that we will be visiting National Parks along the way, and the entry of animals is not permitted, so please leave beloved pussy or puppy behind.

NO PROMISES

Please note that the route is proposed only. During the Safari, the organisers reserve the right to alter the itinerary to suit road conditions, weather and other prevailing conditions. Also note that distances are approximate only.

SAFARI SHIRTS

YES we will have available the stylish "2005 LIGHTNING RIDGE POLICE BUSH SAFARI" shirts. These shirts are of top quality material and embroidered with our Logo and destinations.
